Underground Car Park****Breitenbender Weg 109-111 / 50354 Hürth (D)**

In the period of **October 24th, 2021 to November 13th, 2021** my car was stolen from the underground car park in 50354 Hürth (Germany).

It is a **Mercedes Benz 190 SL Cabriole classic car** from the year of construction 1957 with first official registration July 1st, 1958 in **red colour** and **black leather seats**, as well as **black convertible car top (called soft- top)**.

The registration number starts with **BM-LJ** and ends with an **"H"** at the rear as a historic vehicle. The **middle grey additional cover** against dirt (bought myself) was stolen too and had an **"H"** written on the back with dark colour pencil. The black soft top has a seam (15 to 20 cm) in the middle of the top, because it has been sewn.

Following Questions:

- **Who can provide relevant information on unusual activities during this period (DAY / NIGHT) or who saw the vehicle elsewhere later?**
- **Who was offered the car? Who has seen the car anywhere?
Who has seen the grey soft top with handwritten "H" on the back?**
- **Who has made suspicious observations about persons or the vehicle or knows about mugger and the people are working for and can provide information?**
- **Who also had their classic car stolen (far) before or after this period?**

A reward is offered for information leading to the conviction of the perpetrator(s) or the return of my car*. Confidentiality is guaranteed!
